

Cleaner

PRODUCT FEATURES

- Neutral cleaning product specially formulated for oiled and lacquered wooden floors
- Contains no organic solvents or pigments and is environmentally friendly
- Works well on all washable surfaces such as PVC, linoleum, vinyl, other painted/lacquered surfaces, stone, laminate, tiles, glass, porcelain etc.
- Arboritec 'Cleaner Spray' is ready to use and does not need to be diluted

PREPARATION

Daily cleaning on wooden floors should be carried out using dry cleaning methods, e.g. dry mopping and vacuuming. Before using Arboritec Cleaner remove all loose particles which might scratch the surface.

APPLICATION

Arboritec Cleaner Spray is sprayed directly onto the floor and dispersed using a micro fiber mop. Arboritec Cleaner is diluted as per the instructions below. Then used with a damp mop. Rinsing after cleaning is not necessary.

NB: Never pour water directly onto wood or laminate floors, instead use a damp cloth or floor mop and remove excess water immediately.

MAINTENANCE

Clean the floor using dry methods, e.g. dry mopping or vacuuming. Wet cleaning is to be carried out using Arboritec Spray Cleaner included in the Arboritec Floor Care Kit. After every fifth wet cleaning with Spray Cleaner, the floor should be treated with Arboritec Oil Refresher floor soap (blended in cold water, max 20°C) to refresh the oiled surface. Effects of wear and tear can be prevented and the floor can be maintained using Arboritec Satin Maintenance Oil.

HEALTH AND ENVIRONMENT

Arboritec Cleaner is not classified as hazardous to your health or the environment. Precautions common for handling any chemical products should be taken. For further information, please refer to the Material safety data sheet.
